

Auctioneers Note:

Chuck and his kids were fixtures at area auctions and we feel very privileged to be having the sale of his household collectibles. Unlike many collectors, Chuck had a wide variety of interests and thus his collections were varied. This auction has a wide selection of different collectibles and we are going to do our best to move through them in the two days we are selling. Order of sale will be as printed on this salebill, but please know there are multiples of almost every collectible mentioned and therefore we will need to move quickly in order to move through the items.
